Mayfield: Make It Your Own

Moving to a new home is exciting and we are looking forward to you joining our community. If you would like to personalise your property before you move in, in partnership with Cocoa Designs Ltd, we have a range of options to allow you to make your home yours. Introducing Mayfield: Make It Your Own.

All of the following options are available for you to choose from. Please speak to your sales team to understand prices and timeframes.

Scatter cushions or statement cushions

Regardless of whether you're someone with six cushions on their bed, or would rather one statement cushion on the sofa, you can choose the accessories that compliment your curtain choice. As a starting point we suggest looking at 45cm or 50cm square.

Frame your windows

Curtains are personal, so make sure they are right for your home. With a range of colours and textures, *Colour your Home* by Ashley Wilde, has the perfect selection of fabrics to bring your vision to reality. All curtains are lined (including blackout lining for bedrooms) and can be installed on either a track or pole, depending on what works for your window. With a double pinch pleat heading, your new curtains will look stunning.

Ashley Wilde *designs*

Lighting to suit your mood

With over 30 options from stainless steel to brass and black frames, flush fittings to pendants, we have a wide selection to make sure that every light throughout your property is perfect. Every light fitting is supplied with bulbs as standard.

A Coat of paint

Decorating around your furniture can be frustrating so let us arrange for it to be done before you complete. Regardless of whether you would like to choose the exact colour of your walls

in one room, or all your rooms, we can arrange for them to be painted in Coat paint. Perhaps *Yes Chef* reminds you of your favourite place, or *Ciao, Sofia* evokes a sense of calm you need

in your bedroom, or maybe you want to colour drench your hallway with *Modest*, you can choose the colours that work for your home, to make the impact that you want.
